SMAKA SIZED BOOM BEGINNING IN THE MAGDALENA FIELD

Tr#Bullion Company Developing Valuable Kelly Mine.

PARTY OF STOCKHOLDERS IN ALBUQUERQUE ON WAY EAST

A number of the stockholders of the Tri-Bullion Mining, Smelting and Development company were in the city yesterday from Kelly, near Mag-Jalena, where they have been inspecting their property. The party is com-posed of Horace I. Paschai, presiden: posed of Horace I. Paschal, president of the company of Chicago; F. A. Russell, of Braddock, Pa., Dr. R. J. Masshall and D. F. White, of Fast Livespool, Ohio, J. D. Riley, of Pittsburg, Pa., and J. P. Hendricks, secretary of the company, whose residence is Chicago in the company. cago, but who is making his home at Kelly, taking charge of the property. All of the gentlemen were well pleased with what they saw at Kedy and are very enthusiastic over the

The Tri-Bullion company owns 173 acres of ground, which comprises the Kelly mine, one of the oldest in the territory. The mine has an important amount of work done on it and sever. amount of work done on it and sever: large bodies of zinc, lead and copper ore opened up. The mine is at present producing 50 to 100 tons a day of ore which will run from 30 to 56 per cent in zinc. lead and copper. Some copper ore which runs upwar i of 20 per cent has been taken from the property and also some native cor-per which runs "into the pictures" has been found. The company is sinking new double compartment shaft, --ting in a new hoist, compressors and air drills and will have one of the most modern alants to be found in New Mexico on this property. The shaft is now at a lepth of 200 feet and the contract for the present calls for that dandruff is a germ disease, and it

Nobody knows just how far it loss continue New Mexico will surprise the rest of the world when her mining resource are developed a little more. The trou-ble has been in the past that few mining men of practical knowledge an experience have been in the country. have been used to deep mining all my life, but down here some of the natives think they have a mine when they have a hole a hundred feet into the ground. When the Creator put these deposits into the earth, there was no Colorado, New Mexico or Arigona, and for myself. I think New Mexico will be a greater mining country than either Colorado or Arizona.

Mr. Paschal and party left for Chi-cago and the east and Mr. Kendrick will return to Kelly tonight.

PROGRAM PREPARED FOR MEETING OF **EDUCATORS**

TERRITORIAL ASSOCIATION

CONVENES DECEMBER 26

The New Mexico Educational association has completed the programme for its twentieth annual session which takes place in Albuquerque December 26th, 27th and 28th. Unusual pains have been taken in the preparation of this year's program and a suppose of the year's program and a suppose of the program and a suppose of the year's program and the year's p this year's program and a glance at it shows that some good things are in store for those engaged in or interested in the work of education in the territory. It is expected that the association, which is rapidly growing will have one of the best attended and most successful meetings in its his-

most successful meetings in its history.
